FICTITIOUS ENTERPRISE FP-WORKS · PEOPLE OPERATIONS TEAM JOB POSTING

HR Operations Specialist — Full-Time Employment

- **Business Domain:** Enterprise Logistics Operations Software & Customer Support Services
- **Enterprise Scale:** Private Enterprise with 180 Regular Employees
- **Employment Type:** Regular Full-Time (3-Month Probationary Period)
- **Work Location:** Seoul Headquarters (Close to Public Transit)
- **Target Position:** HR Operations Specialist (People Operations Team)
- **Hiring Workflow:** Document Screening → Structured Behavioral Interview → Final Offer

1. Role Purpose and Objective

Perform recurring operational workflows accurately—from applicant recruitment logistics to monthly payroll data pre-verification and settlement auditing—while systematically eliminating process errors.

This is an operational specialist role balancing rigorous data reconciliation with active stakeholder coordination across internal teams and external vendors.

2. Key Responsibilities (5 Core Competencies)

1) Recruitment Operations: Publish job descriptions via ATS, coordinate interview schedules, manage candidate communications, and maintain status audit trails.

2) Attendance & Payroll Pre-Verification: Reconcile daily check-in/out records, leave approvals, and manager-certified hours; flag discrepancies for payroll accountants.

3) Vendor Settlement Reconciliation: Audit external SaaS/contractor service terms, monthly usage logs, and billing invoices; issue correction requests for variance items.

4) HR Data & Privacy Access Control: Enforce snapshot baseline dates and census definitions; maintain strict role-based data sharing and need-to-know access boundaries.

5) Process Improvement: Streamline recurring manual reconciliation using Excel/Google Sheets; verify pre/post accuracy rates and processing time savings.

3. Required Qualifications & Preferred Skills

• Required: Hands-on operational experience executing day-to-day HR or people operations workflows.

• Required: Demonstrated proficiency in Excel lookup formulas (XLOOKUP/VLOOKUP), conditional aggregations (COUNTIFS/SUMIFS), and Pivot Tables.

• Required: Track record of logging traceable evidence and verification histories whenever auditing errors or operational variances.

• Required: Demonstrated ability to coordinate deadlines, schedule changes, and anomalies with business units, finance, and external vendors.

• Preferred: Practical experience operating standard ATS/HRIS platforms; experience driving small-scale process automation; data protection awareness.

4. Explicit Scope Boundaries & Working Conditions

• Scope Boundaries: Final payroll disbursement approval, statutory tax withholding, and employment law judgments are executed by certified labor attorneys or finance officers. Enterprise-wide compensation scheme design or software programming is NOT required.

• Working Hours: Standard Monday through Friday, 09:00–18:00 (1-hour lunch break). Night or weekend work is never assumed on an ongoing basis.

• Business Travel: Bi-monthly regional site visits for routine operational inspection (same-day trip, schedule coordinated in advance). Ability to fulfill travel is verified identically for all applicants.

• Non-Job Factors: Driving license, personal vehicle ownership, physical dimensions, or marital status are NOT job qualifications.

5. Statutory Fair Interview & Blind Evaluation Standard

• Blind Resume Policy: Photographs, date of birth, age, gender, marital status, hometown, family background, and personal assets are strictly prohibited.

• Interview Rubric: All candidates are evaluated against identical core competency rubrics and standardized behavioral questions. Follow-up probing is strictly limited to verifiable past experiences documented in the submitted resume.
