CANDIDATE IDENTIFIER: FP-C03 · PROFESSIONAL RESUME

Seoyeon Park — Digital Civic Service Innovation Specialist

- **Candidate Name:** Seoyeon Park (FP-C03)
- **Years of Experience:** 4 Years Public Sector & Digital Civic Transformation
- **Specialization:** Digital Kiosk Accessibility, Senior Citizen Usability, Civic Data Security, Inter-Agency Governance
- **Employment History:** Seoul Metropolitan Digital Inclusion Project (Fixed-Term Project Contract Completion)
- **Contract Status:** Completed 24-Month Project Duration with Formal Commendation; Available Immediately

Civic Innovation & Field Leadership Experience

Experience 1 120 Senior Citizen Field Interviews & Kiosk Issuance Time Reduction

• Field Research: Conducted 120 in-depth qualitative usability interviews across community centers with elderly citizens encountering severe digital exclusion at municipal kiosks.
• Workflow Redesign: Identified visual contrast fatigue and multi-tier nested touch menus as primary failure points; redesigned the UI flow into a 3-step high-contrast sequence.
• Quantified Outcome: Reduced average civic document issuance time from 4 minutes 30 seconds down to 1 minute 50 seconds (59% time savings), with completion rates increasing to 94%.

> *Scope Boundary: Kiosk embedded hardware manufacturing was contracted to external hardware vendors; owned UX/accessibility architecture and user validation.*

Experience 2 Contingency Budget Reallocation to Preserve Audio-Guidance Module

• Budget Crisis: When sudden municipal software vendor price hikes threatened the cancellation of the accessibility voice-guidance module for visually impaired and elderly users, refused to compromise accessibility standards.
• Strategic Action: Restructured project marketing and unnecessary print collateral expenditures; secured city council audit approval to reallocate emergency contingency reserves, successfully delivering the voice-guidance system on schedule.

> *Scope Boundary: Reallocation adhered strictly to municipal fiscal transparency statutes and received formal internal auditor sign-off.*

Experience 3 Fixed-Term Contract Completion & Seamless Operational Handover

• Contract Terms: Successfully completed the full 24-month public project appointment term with outstanding evaluation marks.
• Knowledge Transfer: Authored 45 pages of standardized operational SOPs, video training modules, and troubleshooting manuals, completing a zero-friction handover to municipal career officers.

> *Scope Boundary: Separation was driven purely by project milestone completion and funding cycle closure.*

Competencies & Career Alignment

• Key Strengths: Empathy-driven user research, cross-department stakeholder negotiation, data protection governance, process simplification.
• FP-Works Value Add: Passionate about applying human-centric usability and rigorous operational standards to enterprise logistics and HR operations.
